

What Ohio Folks Say

Minerva, Ohio.—"I was suffering most severely from a pain in my back. Thinking that it came from the kidneys, I got a bottle of a well-known kidney medicine, and used it with apparent relief, but soon the pain began again. Then I got a bottle of Dr. Pierce's Kidney Pills and took them. In the box I found literature, saying the Specialists at Dr. Pierce's Invalids' Hotel would diagnose a case free, or something to that effect, so I wrote immediately and learned from them that it was rheumatism (due to uric acid in my system) instead of kidney trouble. I followed their advice and between three and four weeks had relief. I know, too, from the experience of others with whom I am acquainted that they also have been benefited by Dr. Pierce's medicines."—Harry E. Sutton, Minerva, Ohio.

Amuric always benefits and often cures the cause of kidney disease, as well as rheumatism and gout. Sold by druggists, or send 60 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., or 10 cents for trial package.

Sandusky, Ohio.—"I have taken Dr. Pierce's Amuric and found it very good for kidney ailments and bladder weakness. This Amuric is all that is claimed for it, and I can speak very highly of it as a medicine for the above ailments."—Z. S. Richard, 1111 N. Depot St.

Fremont, Ohio.—"I can highly recommend Dr. Pierce's Pleasant Pellets to any one suffering with sluggish liver and constipation. I used to be subject to the condition and I found the 'Pleasant Pellets' to give better satisfaction and results than any other medicine I ever took. They are mild and easy in action."—Mrs. Joe Young, 521 May St., N. W.

DESIRABLE HOME BUILDING DESIGN

Attractive Nine-Room House With Pergola Porch.

PLANNED FOR LARGE FAMILY

Square House That Is Economical to Build and Is Beautiful by an Unusually Front Porch—Conveniently Arranged.

By WILLIAM A. RADFORD.

Mr. William A. Radford will answer questions and give advice FREE OF CHARGE on all subjects pertaining to the subject of building for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 127 Prairie Avenue, Chicago, Ill., and only enclose two-cent stamp for reply.

Combining beauty and low cost is always the aim of architects. One of the methods of accomplishing this most desirable result is to take a square house that is economical to build because of its straight walls and add an artistic porch.

This has been the method the architect followed in designing the brick house shown in the accompanying illustration. The house itself is 30 by 40 feet 6 inches, without a break in the rectangle. However, the addition of the pergola porch has made this an unusually desirable home building design. The roof of the porch is set on colonial columns and brick piers for the corners. Above the hip roof and its dormer window add to the attractiveness of the home.

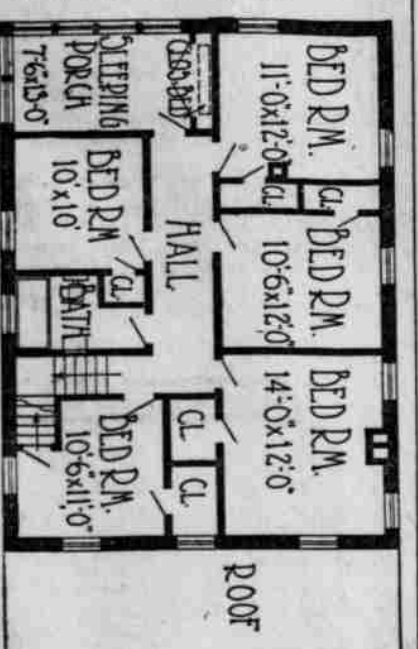

Nine good rooms are shown on the floor plans for this house. Downstairs there are living, dining rooms, kitchen and one bedroom; upstairs are five bedrooms, bath and sleeping porch.

The entrance at one end of the porch leads into a stair hall. To the

a small bedroom, 9 by 10 feet, with bath adjoining.

Three good-sized bedrooms are ranged along the front of the house on the second floor. In addition there are two back bedrooms and a sleeping porch, with the bath between. All of the rooms open off a central hall. Each room has a commodious closet. Fitted into the wall of the sleeping porch is a space-saving bed, which can be put out of the way in the daytime, turning the sleeping porch into a light, cheery sewing room or sitting room.

For its size this house will accommodate an unusually large family.

Second Floor Plan.

However, should the home builder desire, the floor plan may be changed so that there will be fewer and larger bedrooms on the second floor, while the bedroom on the first floor may be used as a den, or library.

The strong appeal of this home-building design is its exterior appearance, coupled with convenient room arrangement. The broad porch is most inviting; in fact, it is a place that will give a great amount of solid comfort during the summer months.

right is a large living room, 19 feet 6 inches by 14 feet. This room has a large, open fireplace set in the end. At the rear of the living room is the dining room, also large, being 13 feet by 17 feet 6 inches. The living and dining rooms are connected by double casement openings, which turn

Also its columns and the pergola-like roof permit of artistic vines that enhance the general appearance of the home.

There is a full basement under the house for the accommodation of the heating plant, the laundry equipment and for storage. Likewise the shape of the roof provides a good-sized attic, which also is used for storage, or may be partitioned off into smaller sleeping rooms, or a playroom for the children in bad weather.

Brick in some form or other was one of the first materials out of which houses were fashioned. Brick houses have been found that date back before the beginning of the Christian era. They have many advantages that recommend them today, as there has been as much progress in brick manufacture as in everything else.

Brick makes substantial homes; the sort that last generation after generation. They make a house that is warm in winter and cool in summer, the same imperviousness to cold applying equally well to heat. Besides brick are made in a variety of colors that enable the home builder to blend them nicely and the finished structure is colorful—warm and inviting.

It has been said that home owning makes a city or town more prosperous than those in which the homes are rented by the occupants. This is good logic, as the home owner has an investment that makes him take an interest in the local politics and civic affairs. Also he is a substantial member of his community—a man to whom many business opportunities come that pass by the renter.

From all standpoints, it is good business to build and own a home.

and quirks in finance that it had never known before. Rumors were set afloat that before Fisk came into the arena of finance he had taken a flier in the raising of live stock which was sold on the hoof by weight. Just before the cattle, or horses, or hogs were driven on the scales, Fisk contrived to have them gorged with water, he in the meantime, having subjected them to 12 hours' thirst. In this way the weights shot up in a few minutes and an 800 pound steer, with five gallons of water aboard, weighed 840 pounds. It is said some one discovered this plan and thereafter Fisk's plan was alluded to as "watered stock."

Memorial to Great Scientist.

The original home and laboratory of Dr. Joseph Priestley, the chemist who discovered oxygen in 1774, a frame house, located on the banks of the Susquehanna river at Northumberland, has been bought by graduate chemists of the Pennsylvania State college, who plan to move it to the college campus in Philadelphia and make it a lasting memorial to the great scientist.

Knew Him Well.

Mr. Borer (on being introduced to his adored one's mother)—Pardon me, Mrs. Martie, but have we not met before? Your face seems strangely familiar.

The Lady (coldly)—Yes; I am the woman who stood up before you for an hour in a railway carriage the other day while you sat reading a paper.

Answers.

It's difficult to find a man who is willing to hold the ladder while you climb to success.

The KITCHEN CABINET

You do surely bar the door upon your own liberty if you deny your griefs to your friends—Shakespeare.

MEATS, NOT COMMON.

The following dishes are all easy to prepare and common in most markets:

Haricot—Cut three pounds of haricot beans into one-half cups; add one-half cup of carrot, the same of minced onion and four tablespoons of butter. Cook one hour; season with salt and pepper. Serve the vegetables in the center and cut around the edge; garnish with potato balls and parsley.

Tripe Ragout—Wash one pound of tripe and cut in two-inch strips for serving. Saute the tripe in two tablespoons of butter or butter substitute; after adding two tablespoons of chopped onion cook ten minutes; add one cupful each of tomato and celery, the latter cut in bits, and simmer until all is tender. Serve garnished with toast points.

Lyonnaise Tripe—Cook two tablespoons of onion in two tablespoons of butter. Add two cups of cooked tripe, cut in strips; cook ten minutes. Sprinkle with salt and pepper, dot with bits of butter and garnish with finely-chopped parsley.

Stuffed Calves' Heart—Wash the heart and remove the tough portions; fill with stuffing used for chicken, sprinkle with salt and pepper, dredge with flour and place on a rack in a hot oven to roast for two hours. Baste while roasting with beef stock, pork fat, hot water or butter.

Calves' Brains Escalloped—Parboil the brains; sprinkle with salt, pepper and lemon juice. Cut in inch pieces. Arrange in layers in a buttered baking dish, alternating with tomato sauce. Cover with buttered crumbs and serve with chopped pickles.

Baked Sweetbreads—Soak sweetbreads in acidulated water; drain, wipe dry and lard them with salt pork. Place on slices of pork in a dripping pan. Cover with stock and bake until tender. Serve with tomato sauce.

In men who men condemn as ill I find so much of goodness still; In men whom men pronounce divine I find so much of sin and blot, I hesitate to draw the line Where God has not.

FOR CHOCOLATE LOVERS.

Chocolate is almost universally liked and is served in countless ways. The following are neither new nor unusual, but may be suggestive or helpful:

Chestnuts With Chocolate Cream—Boil one quart of large chestnuts; remove shells and press through a sieve or potato ricer; add four tablespoons of powdered sugar, one-half teaspoonful of salt, four tablespoons of cream and two tablespoons of marshmallow sirup. Whip one cupful of heavy cream; add two tablespoons of marshmallow sirup, three tablespoons of powdered sugar and four tablespoons of melted chocolate. Fill molds with the blended mixture; chill and serve with a garnish of chopped nuts.

Cocoa Cream—Mix half a cupful of cocoa, half a cupful of sugar and the yolks of two eggs, beaten; add two cups of cream and one-quarter of an inch of stick cinnamon; cook until thick in a double boiler. Add two tablespoons of gelatin, softened in one-quarter cupful of cold water, and stir until dissolved over hot water. Add one-quarter teaspoonful of salt, one teaspoonful of vanilla and one cupful of heavy cream, beaten thick. Cool the first mixture before adding the cream. Mold and chill; serve with cream.

Cocoa Tutti-Frutti Cream—Use the recipe for cocoa cream, adding one-half cupful of macaroons, which have been dried and powdered, one cupful of candied cherries cut in small pieces, one-half dozen marshmallows cut in bits and one-half dozen raisins, one tablespoonful each of citron and orange peel, chopped fine; add the last just before putting into the molds.

Chocolate Junket—Melt one ounce of chocolate; add three tablespoons of boiling water. Crush one junket tablet and dissolve in one tablespoonful of water. Warm one quart of milk until lukewarm; add one-quarter cupful of sugar and a teaspoonful of vanilla; add the dissolved chocolate and the dissolved junket; stir until melted. Mix well, pour into sherbet cups and let them stand in a warm room until the junket is set. Serve with whipped cream.

Chocolate Sauce—Cook the following ingredients in a double boiler: one cupful of sugar, two eggs, yolks, one-quarter cupful of sugar, a pinch of salt, one teaspoonful of butter, two ounces of chocolate or one-quarter cupful of cocoa. Cook until the mixture coats the spoon. Serve hot on ice cream.

As to Color Blindness.

It is a rather common belief that the man who fails to pass the test for color blindness during an examination for employment on a railroad, is one who mistakes red for green, or green for red. The trouble is that he cannot distinguish any difference between the two. Thus, while a red postage stamp lying on a green tablecloth would be perfectly obvious to a person with normal sight, to the color blind it would be hard to see the color blind.

There are various degrees of color blindness, and while the majority of persons can recognize six or seven colors in a rainbow, others can see only five or less. Persons who can see but two distinct colors are dangerously color blind. A good test of your eyesight is to endeavor to match woads.

Also to Be Envid.

The young man who has a head of talented hair must be envidious if he doesn't display a fondness for the barber's chair.

Five to ten years in state prison was the sentence imposed in the supreme court at New York on Benjamin Gitlow, former Bronx assemblyman and manager of the Revolutionary Age, who was convicted of violating the state's criminal anarchy statute.

Surfrage was defeated in Virginia when the home delegates at Richmond, Va., adopted, 62 to 12, the Leddy resolution rejecting the amendment to the federal Constitution. The senate, by a vote of 24 to 10, previously had adopted the resolution.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

Cuticura for Sore Hands.

Soak hands in retreating in the hot ends of Cuticura Soap, dry and rub in Cuticura Ointment. Remove surplus Ointment with tissue paper. This is only one of the things Cuticura will do for Sore, Ointment and Talcum are used for all toilet purposes.—Adv.

Don't linger at the bottom of the ladder. Either go up or down.

Constipation, indigestion, sick-headache and bilious conditions are overcome by a course of Garfield Tea.—Adv.

It is only the truthful man who knows how much he lies.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

The Search.

We saw Diogenes the other day with his lantern.

"Still looking for an honest man?" we asked. He shook his head mournfully.

"No," I gave that up long ago. I wish I'd stuck to it. It wasn't half so hopeless as what I'm doing now."

He certainly did look despondent, and our heart went out to him.

"What are you looking for now, then?" we asked.

"I'm looking for a congressman who made out his income tax without anybody's help."—Life.

Amber Beads Long Popular.

The superstition which clings to the meaning of beads is of ancient origin. The custom of wearing an amber necklace was immensely common, and is not yet extinct among old women in England. The amber when heated sends forth an agreeable perfume. In olden times it was the present made by a mother to her daughter on her wedding eve.

Aspirin—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain. Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger packages. Aspirin is trade mark of Bayer Manufacturing Monocellulose of Salicylic Acid.

Christian Church History.

With such diversity of opinion on minor points, there is a general agreement in dividing the history of the church into three great periods: the first, from the birth of Christ to the time of Constantine; the second, from that epoch to the reformation, and third, from the reformation to the present time.

YOUNGSTERS!

Need "Cascarets" when Sick, Bilious, Constipated.

When your child is bilious, constipated, sick or full of cold; when the little tongue is coated, breath bad and stomach sour, get a box of Cascarets and straighten the little one right up. Children gladly take this harmless candy cathartic and it cleanses the little liver and bowels without griping. Cascarets contain no calomel or dangerous drugs and can be depended upon to move the sour bile, gases and indigestible waste right out of the bowels. Best family cathartic because it never cramps, sickens or causes inconvenience.—Adv.
